Auger Style Refuse and Recycling Compactors

**Cane Dumper**  
**Vertical-Lift, Cart, Tote and**  
**Container Dumper**

**Elevate & Dump your Full Totes & Carts**  
**QUICKLY AND EASILY!**

**Easy Operation - Handles Heavy Loads - Low Maintenance**

**Sani-Tech Cane Dumpers:**

Provide a strong, safe, simple and durable system to empty your Carts and Totes into your Waste Compactor or Elevated Storage System.

**Exclusive All-Electric Motor Drive:**

Eliminates environmental, maintenance & wear issues that are common with Hydraulic Dumpers

**Lift & Rotation: Height & Rotation**

Adjustable to your application (+20' & 180 degrees Rotation, if needed)

**Lift & Rotation speed:**

Consistent through the full range of motion

**Sani-Tech Cane Dumpers can be mounted to the floor or another Sani-Tech product. It can be specifically fabricated according to your application, with or without guardrails. The Electric Dumper can be built with numerous dumper attachments to accommodate your specific containers.**

**COST SAVINGS IS THE BOTTOM LINE**

### **Sani-Tech Systems Electric Cane Dumper**

Is a unique and efficient solution to empty containers. This cane dumper can be mounted to the floor or directly to stationary equipment. The Dumper is designed to grab, hold, lift, and dump a variety of containers. The container is merely pushed onto the dumper attachment and a button is pushed!

- **Consistent & Powerful:** The electric dumper is specifically designed to operate at a consistent speed with lifting & dumping torque when dumping Totes, Carts or Bins into Sani-Tech compactors and other stationary process equipment.
- **Low-Maintenance All-Electric drive:** The cane dumper does not use hydraulics, making it faster, cleaner, easier to maintain and no chances of oil leaks, line breaks or contamination.
- **Safe:** Sani-Tech cane dumpers eliminate workers from manually transferring waste from the container to the compactor, reducing labor time and the likelihood of material handling injuries.
- **Versatile:** Sani-Tech cane dumpers are manufactured with an endless number of attachments to accommodate different containers. Barrels, Drums, Totes, Slope Nose Dumpers, Trucks, etc.
